

## Base Map Online Store – Ordering TRIM Positional Maps

Orders for raster base maps, digital orthophoto mapsheets, TRIM digital vector data mapsheets, airphotos and other products can now be placed via the **Base Map Online Store** at <http://www.basemaps.gov.bc.ca> with VISA, Mastercard or AMEX. The application can be launched directly from <http://openmaps.gov.bc.ca/imfows13/imf.jsp?site=idt>.

**Note:** Supported browsers are: MS Internet Explorer 6 or higher, Netscape 8/9 or Mozilla Firefox 3.0.

A valid **Business BCeID** or **Basic BCeID** (<http://www.bceid.ca>) or **IDIR** account (for BC Government staff) is required to login. A Basic BCeID can be setup online in a few minutes.

Navigate to your area of interest using **Place Name, Mapsheet or Address** in the search field in the upper right hand corner of the screen or by using the **Pan** and **Zoom** tools or by using the **Area of Interest** selection tools on the main menu toolbar.

Once you have determined your area of interest, select the **Maps** tab on the main menu bar. The **Vector Maps** option at the top of the dialog that appears along the left hand side of your browser should be selected by default. In the top centre of this dialog, you will see a dropdown list to select either: (1) **TRIM Positional Maps**; (2) **1:2,000,000 Base Maps**; (3) **1:250,000 Base Maps**; (4) **TRIM Enhanced Base Maps**; and (5) **TRIM Representational Maps**. Select the product category that you are interested in and click the “**Search for ...**” button. Alternately you can filter your search results by entering specific mapsheets you are interested in by typing the mapsheet ID (*For example, 82e.083-84, 82e.093-94, 92b.034*) in the **Optional** text box and then click the “**Search for...**” button.

Your search results will be displayed and you either order individual products by clicking the **Add to Cart** button next to each separate image or click **Add All** to place all of the relevant **Vector Maps** directly into the Shopping Cart. You will then be prompted to login with your **BCeID** or **IDIR** account and password (a new window will appear, please ensure that you have pop-ups enabled in your browser).

You are now at the **Add Products** page and you will see a listing of the TRIM Base Map products in your Shopping Cart. Under the **Options** dropdown, you can select the file format you would like the vector delivered in, whether you would like to order a Digital Elevation Model (**DEM**) or add Digital Elevation Data (**Basemap + DEM** option) along with the **TRIM Base Map** to the order for the same area. When you are satisfied with the listing, click **OK** and the next page will indicate how many products you have in your Shopping Cart and provide a full listing of the details. There are a series of orange buttons at the bottom, make changes if necessary, then click **Checkout**.

On the next page, enter your **Shipping Address** information, and then click **Next**. The next page is **Shipping Method**. Since online delivery is used for Vector Base Maps simply click **Next**. The next page is your **Order Summary**, please review it carefully, and then click **Submit**.

The last step is **Submit and Pay** via the secure BC Government Treasury Branch Internet Payments Program with your credit card. After successful payment, you will be sent two emails. The first email is a confirmation receipt with the order details and the second email will contain an ftp link for you to login to the Base Map Online Store to enable you to download the zip file containing the TRIM Positional Maps.

If you are already logged in, you can click **My Orders** from the menu on the left hand side and then click the relevant order number from the table for **Open Orders**. At the bottom of the page you will see a **Shipment ID** for that order, click on it and follow the instructions to download the zip file to your computer or network share.
